live where you love.
A boutique community in the heart of South Austin.
It took five years to create a design and vision for FRANK that matched the vibrant South First neighborhood, but it was worth the wait. Frank transitions from busy streetside and retail plaza into a grove of heritage live oaks at the center of four stories of condos. It all comes together into the urban village we dreamed of. We’re proud of how Frank maintains the character of the community and land around it.

Three-story townhomes with stunning views and private balconies. Frank is a jewel of a village: when you’re here, you’re in the best South Austin has to offer. Walkable, vibrant, and distinctive - tucked away in a private, tree-filled slice of heaven, Come Home.
Open floorplans and lots of natural light show off the kitchen and the beautiful materials we used to make it special - just for you.

Meet Frank.

Frank, is located adjacent to Austin’s gorgeous 11-mile hike + bike trail which is also a favorite hang-out for one of our own beloved adoptees, Frank. When naming our new Urban Village, we thought, what better way to celebrate community than a warm, sloppy-kissed tribute to this “dog of the people”. Also, in Frank’s honor, we’ll be making a donation to Austin Pets Alive.
